

BOMBSHELL BEAUTY

COMMUNICABLE DISEASE PREVENTION PROTOCOLS

Welcome, Bombshells!

Maintaining a clean and safe environment for our clients is our top priority. Our techs have always followed strict disinfection protocols, but we have taken this opportunity to expand our safety precautions and training pursuant to WorkSafe BC and provincial guidelines. The precautions being taken to protect you and our staff during your visit include:

- Our techs have taken refresher courses and certification in salon infection control, including BeautySafe and other industry standard training
- Hand washing between each service and throughout the service as needed
- Thorough disinfection of implements and work stations, following BeautySafe standards, between each appointment
- Hand sanitizer will be easily accessible to everyone at the salon.

Policies for your Appointment:

- All clients must wash their hands thoroughly upon entry to the salon.
- We ask that you are not on your phone during your service. If it must be used and if your tech is okay with it, we will provide you with disinfecting wipes.
- Please do not bring children or pets with you to your appointment. Check with your tech before your appointment if you would like to bring any other visitors.
- No waiting area. Clients must wait outside of the salon or in their car until their scheduled appointment time.
- 15 minutes in between every client is being dedicated to disinfecting and sanitizing all surfaces, tools, and high touch areas. While we love catching up and chatting with you, we ask that you not linger after your appointment as we will need this time to adequately prepare for the next service.
- No food is to be consumed during your service.
- Please DO NOT come to your appointment if:
 - You are required to isolate for any reason.
 - You are experiencing fever, dry cough, sore throat, loss of taste/smell, fatigue, body aches, or any other symptoms of illness.
- If you must reschedule your appointment for any of the reasons listed above, the late cancellation fee will not apply.
- Techs have the right to refuse service if you are exhibiting cold/flu like symptoms.
- If you are not sick, but are experiencing symptoms (allergies, runny nose, sneezing, coughing excessively), please wear a mask.
- If you have been in close contact with anyone who has tested positive for Covid in the past 5 days, or if anyone in your household is sick, please wear a mask or reschedule your appointment

Thank you for working with us to keep our community safe and healthy!
